*Master Page text and graphics have a slant, although they're not slanted on the master page itself. Everything gets slanted from the Master page, it seems. At least, it **LOOKS** slanted...*

This text is in a "normal, rectangular frame. What kind of non-Euclidean world am I living in NOW!

This text is in a skewed frame. Of course it's slanted... or is it???

Master Page text and graphics have a slant, although they're not slanted on the master page itself. Everything gets slanted from the Master page, it seems. At least, it ***LOOKS*** slanted...
